BARE BARBIES

Don't Say It!

GAME INSTRUCTIONS & MATERIALS

Summary

Three words will be off limits while the game is in play. If somebody is heard saying one of those words, they will have to do a dare.

How to play

[1] Print out the Dares List (below).

[2] This game will go on for the duration of the event, but should be paused when playing other games.

[3] To start this game, inform guests which words will be off limits while the game is in play. Words are typically the stag's name, the bride's name and "drink". If there are common nicknames for each, add those too.

[4] Whoever hears the word gets to choose the dare for the guest that said the word.

[5] Don't repeat dares.
