

BARE BARBIES

Pin-up Girls

GAME INSTRUCTIONS & MATERIALS

Summary

The stag has to create a life-sized drawing of you, by tracing around you using his mouth.

How to play

- [1] Lay down a roll of butcher paper, and cut it to size based on your Bare Barbie's height. The paper should be a few inches taller than her, so she fits squarely within it.
- [2] Your Bare Barbie will lay down on the paper in a neutral pose.
- [3] Give the stag a vivid marker. With this marker between his teeth, the stag must trace around the Bare Barbie's body onto the butcher paper.
- [4] Make sure that the stag correctly traces around the Bare Barbie, including between her legs!
- [5] When the stag has finished, and Bare Barbie has stood up from the paper, pin the against the wall, and assess how accurate the stag's tracing skills are.
- [6] Make the stag take a drink for each gap / broken line in the outline.
